OSCAR IVAN RAVAL

Barranquilla, Colombia | +57 3226464187 | ravaloscarivan@gmail.com

PROFESSIONAL SUMMARY

Software Analysis and Development Technologist (ADSO - SENA) with hands-on experience in Python, C#, .NET, SharePoint, Microsoft 365, Power Automate and IT automation. Experienced in developing monitoring solutions, automating business processes, SharePoint backup workflows, Windows administration scripts and network troubleshooting. Seeking a remote Software Developer or Automation Engineer position.

TECHNICAL SKILLS

Python • C# • .NET • SQL • SharePoint • Microsoft 365 • Power Automate • rclone • Git • Windows • Linux (Basic) • REST APIs • Networking • Automation

PROFESSIONAL EXPERIENCE

IT Intern / Software Development Intern – Biosteel de Colombia
Supported IT automation and software-related tasks. Developed Python and C# utilities, automated SharePoint backup processes using rclone, created Power Automate workflows, monitored network-connected fingerprint devices, assisted with Windows administration and process automation, and participated in troubleshooting Microsoft 365 and SharePoint environments.

SELECTED PROJECTS

• Fingerprint Monitoring System (Python/C#): Developed an application to monitor Dahua fingerprint devices with connectivity checks and event logging.

• SharePoint Backup Automation: Implemented automated incremental backup workflows using rclone and Windows Task Scheduler.

• Document Automation: Built Microsoft Power Automate flows integrated with SharePoint.

• Windows Automation Scripts: Created utilities for monitoring and automating administrative tasks.

EDUCATION
SENA – Software Analysis and Development (ADSO), Technologist.
